ABP does not provide any detailed information if publication would be detrimental to its position on the investment market. This is the case if, for example, other investors could use this information to compete with ABP in the investment market, which is detrimental to the return. ABP shall not publish the name of a specific investment if there are legal objections in place to prevent this, for example if the fund has a legal obligation to respect confidentiality.

The size of the ABP assets managed by the external managers above varies from 1.9 billion to 17.9 billion euro.

The external managers above manage about 62% of the externally managed assets.

The external managers above invest in the following asset classes:

- equity investments;
- fixed income investments;
- infrastructure;
- non listed real estate;
- commodities.
